## Summary

Over 25 years experience managing customer experience and employees in the hotel and restaurant industry. The last year has been focused on expanding upon previous web design experience as well as hotel and restaurant customer management experience to building and designing web projects.

## Experience

### Web Design and Development Experience

#### **Bootstrap Teacher at NOVA Workforce Division**

**07/2016 to Present**

Lead teacher and creator of Building Fluid Sites with Bootstrap Shortcuts class. The course offers students hands on technical experience with multiple exercises building up to a full website.

#### **Teacher's Assistant NOVA Web Design Certificate Program**

**09/2014 to Present**

Lead Teacher's Assistant for NOVA's Web Design Certificate Program. Providing technical hands-on support and education for up to 15 adult students learning web design classes twice a week.

#### **Consultant for MachMedia and their client Market Voice Magazine**

**09/2015 to 12/2015**

Consultant for Mach Media fixing existing site issues, creating blocks and navigation, styling with CSS as well as creating new pages including wireframes. Worked with Dreamweaver, Photoshop, Drupal including some backend PHP fixes and basic Unix command line.

#### **Virginia Grand Military Band (VGMB) Site Re-design**

**12/2014 to 8/2015**

Web Designer for complete web site re-design for the VGMB. Responsible for gathering requirements as well as developing wireframes, documenting the design approach for sponsor approval while utilizing existing website as a guide. Performing an absolute design re-write to enhance and better market the band's performances and performers. Technologies include CSS3, HTML5, Bootstrap, Adobe Photoshop, and Dreamweaver.

#### **Reunion Project**

**09/2014 to Present**

Lead Web Designer for 50<sup>th</sup> Year High School Reunion project. Tasked with building a website to capture up to 200 names, addresses, and special memories. Data capture and storage uses Google web docs to complete source data for a 50<sup>th</sup> Year High School Reunion Yearbook. Leveraging Adobe Photoshop to enhance photographs as well as isolate each student for before and after photos.

#### **Yacht Charter Business, Croatia**

**2002-2014**

Half-owner of a family run Yacht Charter business in Croatia serving licensed vacationing customers. Supported operations in summer. Designed, developed, and maintained flash-based website using Dreamweaver.

### Hotel & Restaurant Management & Customer Service Experience

#### **Landhotel Postgut, Tweng, Austria**

**2013-2014**

Front Desk Manager responsible for checking in guests for a four star hotel, booking rooms, using hotel specific management/booking software, author and creator of daily activities for guests including an inspirational saying to welcome the day in German and English.

#### **Hotel Tauernpasshoehe, Obertauern, Austria**

**1995-2013**

Assistant Hotel Manager for a family run ski hotel with 25 rooms. Responsible for hotel operations, managing 6 employees, and keeping customers satisfied. Performed IT/Systems integration and technical engineering including website development, system support, WiFi/Internet configuration. Performed analysis, design, development and deployment of hotel website using Dreamweaver.
